OUR PFE POSITIONS

FULL STACK INTERNSHIP

4 -6 Months

Click here and fill the form :

A button with a white paper plane icon and the text 'PFE application form' in a white, sans-serif font, all enclosed in a rounded rectangle with a thin white border.

Role

- Develop and implement new features for SeekMake's platform
- Integrate third-party modules for CRM, reporting, and analytics
- Perform code and Improve existing code base
- Collaborate on microservice and micro frontend architectures

Skills

- Solid understanding of Angular, TypeScript, SCSS, and responsive UI frameworks
- Solid experience with NestJS and RESTful API integration
- Familiarity with git
- Good knowledge of Typescript
- Knowledge of Google Cloud Platform is a plus

DEVOPS INTERNSHIP

4 -6 Months

Click here and fill the form :

 [PFE application form](#)

Role

- Support deployment & maintenance of cloud infrastructure
- Automate CI/CD pipelines for build, test & deployment
- Monitor & optimize performance, scalability & reliability
- Collaborate with dev teams for smooth integration
- Manage Docker & Kubernetes environments
- Contribute to security & backup strategies

Skills

- CI/CD tools (GitHub Actions, Jenkins)
- Docker, Kubernetes, GCP
- Linux, Git, Bash/Python
- Microservices & Agile teamwork

MOBILE DEVELOPER INTERNSHIP

4 -6 Months

Click here and fill the form :

 [PFE application form](#)

Role

- Design and develop mobile applications
- Focus on user interface design
- Coding
- API integration

Skills

- Dart, Flutter
- UI/UX design principles
- API integrations
- App testing and optimisation

SOFTWARE DEVELOPER INTERNSHIP

4 -6 Months

Click here and fill the form :

 [PFE application form](#)

Role

- Develop, test, and maintain software systems and applications
- Contribute to both front-end and back-end development
- Ensure optimal system performance

Skills

- Proficiency in programming languages , web frameworks (JavaScript, TypeScript, Nestjs, angular, Kubernetes)
- Testing methodologies

AUTOMATION ENGINEER INTERNSHIP

4 -6 Months

Click here and fill the form :

A button with a white paper plane icon and the text 'PFE application form' in a white, sans-serif font, enclosed in a rounded rectangle with a thin white border.

Role

- Aid in developing and implementing automated systems
- Create scripts and perform tests for improved efficiency

Skills

- Proficiency in scripting languages (e.g., Python)
- Familiarity with automation tools (Selenium, Puppeteer, or other)
- Strong problem-solving and testing abilities, with effective team communication

UI/UX DESIGN INTERNSHIP

4 -6 Months

Click here and fill the form :

A button with a white paper plane icon and the text 'PFE application form' in a white, sans-serif font, all enclosed in a rounded rectangle with a thin white border.

Role

- Create wireframes, prototypes, and user flows
- Collaborate with developers to ensure design consistency
- Conduct user research and usability testing
- Contribute to the improvement of the design system and branding

Skills

- Proficiency in Figma, Adobe XD, or similar tools
- Good foundation in HTML ,CSS and JS is a plus
- Good knowledge of UI principles & UX methodologies
- Creativity and attention to detail
- Understanding of responsive and accessible design
- Good communication and teamwork skills

AI / MACHINE LEARNING INTERNSHIP

4 -6 Months

Click here and fill the form :

A button with a white paper plane icon and the text 'PFE application form' in white, set against a dark blue background.

Role

- Assist in data collection, cleaning, and preprocessing
- Support the training and evaluation of ML models
- Help deploy AI solutions into production environments
- Collaborate with engineers to integrate ML features into applications

Skills

- Python & ML programming basics
- Understanding of LLMs, MLOps, Agentic AI
- Interest in workflow automation (n8n)
- Eager to work with real-time data streaming (Kafka)
- Analytical and problem-solving mindset
