

# **Pixii Motors – Internship Program 2026**

**"Join the team reinventing the future of mobility."**

Are you ready to shape the future of urban transportation? Pixii Motors is launching an exclusive internship program for visionary minds who want to build tomorrow's mobility solutions today.

# About Us

**Pixii Motors** is a fast-growing mobility startup reinventing how cities move. We create smarter, cleaner, user-focused mobility solutions that make transportation safer, simpler, and future-ready. We're not just building vehicles – we're designing mobility for the next generation. Our mission is to transform urban landscapes through innovation, sustainability, and cutting-edge technology.

# Internship Overview

We're offering **6-month positions** across multiple disciplines. Each role provides real-world experience in a dynamic startup environment.

## Financial Analyst

## Business Development

## Community Manager

## UX/UI Designer

## Mechanical Engineer

## Software Security Engineer

# What You Will Learn

Our internship program offers unparalleled exposure to the mobility tech ecosystem. You'll gain experience that sets you apart in the industry.

1

## Hands-On Impact

Directly influence product development, engineering decisions, and operational strategies.

2

## Cross-Functional Collaboration

Work alongside multidisciplinary teams including engineers, designers, and business strategists.

3

## Product Launch Involvement

Participate in pre-series development and product launches that shape the future of mobility.

4

## International Exposure

Experience mobility innovation through collaboration between our France and Tunisia operations.

# Financial Analyst Intern

## Mission

Support financial modeling, forecasting, cost analysis, and fundraising initiatives that drive strategic decision-making.

## You Will Learn

- Multi-year financial forecasting techniques
- Unit economics for hardware, SaaS, and energy sectors
- Cash-flow modeling with CapEx/Opex planning
- Creating investor-ready dashboards and presentations

**This role is perfect for analytical minds passionate about the intersection of finance and deep-tech innovation.**

# Business Development Intern

## Mission

Drive market expansion, forge strategic partnerships, and launch pilot programs that accelerate our growth trajectory.

## You Will Learn

- Lead generation and qualification strategies
- Market research and customer segmentation
- Pilot program preparation and KPI tracking
- Go-to-market strategy development and pricing optimization

**Join us if you're driven by strategic thinking and want to shape how mobility solutions reach new markets.**

# Community Manager Intern

## Mission

Build and grow Pixii's digital presence while strengthening our community of mobility enthusiasts and brand advocates.

## You Will Learn

- Content creation for reels and storytelling campaigns
- Platform engagement strategies and analytics interpretation
- Event coverage and social media storytelling
- Community management and audience growth tactics

**Perfect for creative communicators who understand the power of digital engagement in building brand loyalty.**

# UX/UI Designer Intern

## Mission

Design intuitive digital interfaces and compelling visuals for our next-generation mobility products and platforms.

## You Will Learn

- Figma design systems and comprehensive UI kit development
- Cockpit interface and SaaS dashboard design
- User flow mapping and interactive prototyping
- Motion design and micro-interaction implementation

**Ideal for designers passionate about creating seamless experiences that delight users and solve real problems.**

# Mechanical Engineer Intern

## Mission

Support scooter mechanical design, prototyping, and validation processes that bring innovative concepts to life.

## You Will Learn

- Advanced CAD modeling using SolidWorks, Fusion, or CATIA
- Materials selection, tolerance analysis, and structural validation
- Prototyping workflows and mechanical testing procedures
- Industrialization processes and homologation fundamentals

**Join us if you're an engineering enthusiast eager to transform concepts into tangible, market-ready products.**

# Software Security Engineer Intern

## Mission

Enhance security across our connected systems and cloud architecture, ensuring safe and reliable mobility solutions.

## You Will Learn

- MQTT, HTTPS, and WebSocket security protocols
- Threat modeling and comprehensive vulnerability testing
- OTA update security mechanisms and code signing
- Cloud IAM, firewalls, and anomaly detection systems

**Perfect for security-minded developers who want to protect the future of connected mobility infrastructure.**

# Why Join Pixii Motors

## Fast-Growing Deep-Tech Startup

Be part of a company at the forefront of the mobility revolution, with exponential growth potential.

## High Autonomy & Real Impact

Your work directly influences product outcomes and company direction. No coffee-fetching here.

## International Collaboration

Experience cross-cultural teamwork between our France and Tunisia operations.

## Product Launch Participation

Contribute to ecosystem growth and witness your ideas come to life in real products.

## Long-Term Career Opportunity

Outstanding interns have the chance to transition into full-time roles as we scale.

# Apply Now

Ready to join the smart mobility revolution ? We're looking for passionate, driven individuals who want to make a real difference.

## How to Apply

Send your CV ( and portfolio if applicable ) to:

[contact@pixiimotors.com](mailto:contact@pixiimotors.com)

Subject line: *Internship Application – [Position Name]*

**Application deadline:** Rolling admissions until positions are filled.

**Start date:** Q1 2026.

Be part of the team that's building the future of urban mobility.

Your journey starts here.

LET'S RIDE THE  
FUTURE!

**Pixii Motors** – Where innovation meets mobility.
